

66 Mural Trail Tour Lyons, NY

Distance 14 miles

Difficulty ★ ★ ☆

Mural mania is sweeping across western New York with an emphasis on canal towns. It got its grassroots beginning in Lyons and the "mania" is tagging the villages along the canal. Generally the murals depict early life along the canal in the hopes of preserving the history of this period through art. This relaxing ride consists of visits to two canalside villages and 6 murals. Enjoy our peaceful countryside and canalside parks, Abbey Park in Lyons on Water St and T. Spencer Knight Park in Newark at the end of Van Buren St. Don't forget your camera!
